

Building Work Information

Many thanks to you all for your support and cooperation this week whilst the new temporary office was being set up. I am sure that anyone who has visited this area already will agree that it is a very welcoming space and the office staff have settled in well into their new home! Please continue to keep your children with you when collecting and dropping off so they can stay safe on the grounds. The barrier is currently out of action so **DO NOT** use the driveway to walk down. There are cars and vans using this throughout the day so you must use the pedestrian pathway to enter and leave the site for safety reasons. All contractors know the times of the school day for entering and leaving the site. However, as the barrier is not working, we have no way of stopping delivery vans so please be vigilant.

TTRS Competition

Today, Friday, 4th February, TTRS competition are running a competition to find the most dedicated class from across the UK. Children can earn points for a maximum of 60 minutes towards the competition tonight up to 7.30pm. Please support your child in earning points for Northway by encouraging them to play TTRS tonight! Good luck Northway!!

Year 2 Multiskills Afternoon at Maricourt High School

All of the children in Year 2 had a terrific afternoon at Maricourt High School this week when they took part in a special multiskills event. The children had ten different activities to complete in a sports hall and they spent three minutes at each station, trying to win as many points as possible for their team in the time limit. The children were all fantastic representatives of our school and they showed some brilliant skills throughout all of the activities as well as some superb teamwork. Congratulations to Rowen, Olivia, Alex, Logan, Jessica S and Marnie who were the team who scored the most points after all of the events (scoring an incredible 892 points!) and they were awarded with a special trophy at the end of the afternoon. All of the children had a brilliant time and lots of the pupils commented that it had been "the best day ever!" as they were leaving school.

Cross-Curricular Orienteering Training at Northway

We were joined by one of the trainers from the Cross-Curricular Orienteering company this week and they spent time talking the teaching staff through the new courses they have created at our school. The Cross-Curricular Orienteering trainer spent the day installing a brand new orienteering package on our school grounds and then some of the teaching staff had a go at sampling some of the courses after school. Putting health and well-being at the forefront of learning, Cross-Curricular Orienteering will not only cover part of the PE curriculum but will give the children the opportunity to practise their skills in lots of other subject areas. The teachers cannot wait to introduce the courses to the children and even Bentley got involved with working on his mapping skills!

**One week to go to half term. Where
did the month of January go?
It is nice to welcome the lighter
nights and hopefully the warmer
weather will follow.
Have a lovely weekend!**
